

## FINAL INTERNATIONAL UNIVERSITY SUMMER TRAINING Program 2025 Assignment 1

Dear Students,

As part of the **Summer Training Program 2025** for Software/Computer Engineering, each of you has been **assigned a specific project** from the shared list on the LMS.

You are required to:

- Review your **assigned project** in detail (Project 1)
- Follow the **outlined steps** in the project guidelines
- Complete the **preliminary tasks** listed below:
  - **Software Planification Board**
  - **GitHub repository link**
  - **Postman API Collection**
  - **First part of the project report (Functional Specifications)**

**Submission Deadline: 25/06/2025 11:59 PM**

**Submission Platform: LMS:**

- Share your **Planification Board link** on the LMS (ensure proper access permissions are set)
- Submit your **GitHub repository link**
- Upload your **report (Functional Specifications)** as a document on the LMS

This is an **individual project**, and your performance will be assessed based on the technical execution, innovation, and completeness of deliverables.

The assigned projects are listed below, you can refer to the main file on the LMS for projects details

Please start your work promptly and reach out to your supervisor if you have any questions or require support.
